

Nordic Society of Nephrology 2022
Programme (preliminary):

What's new in Nephrology

– a Nordic Clinical Approach

OUH
Odense Universitetshospital
Svendborg Sygehus

Wednesday 4th May

7.30-15.45

Precourse – Young Nephrologists Training

Separate payment and registration

16.00-17.00

Industry symposium I: Baxter

17.00-18.00

Industry symposium II: Bayer

18.00-18.45

Candlelight lecture

Eske Willerslev, Lundbeck Foundation GeoGenetics Centre, Copenhagen, Denmark

18.45-19.30

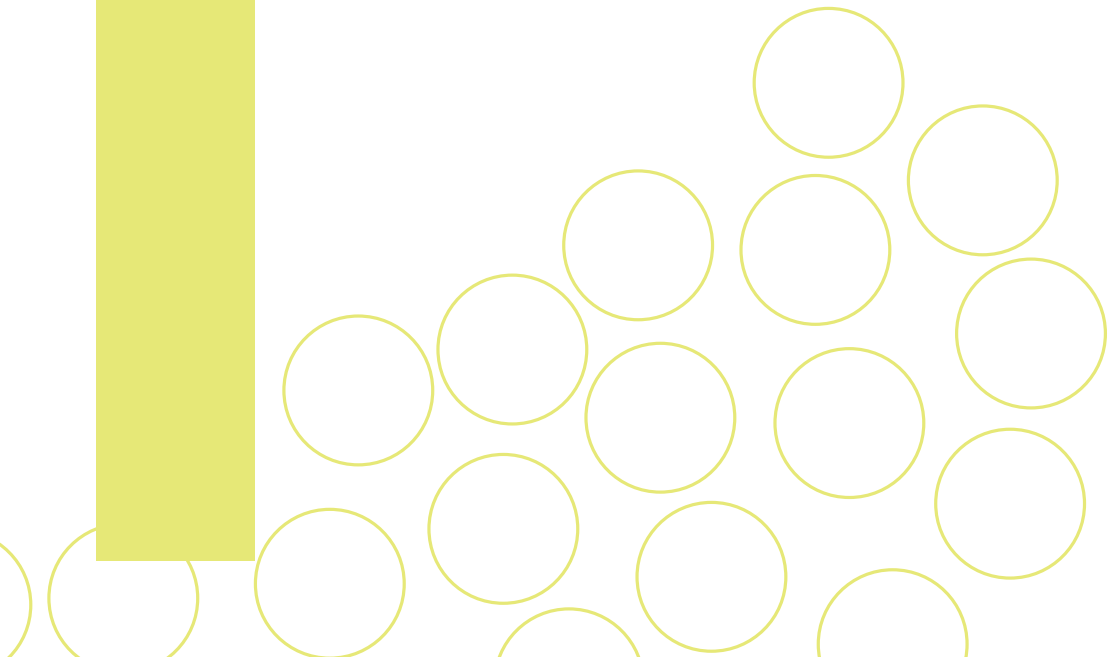

**Evidence is not necessarily evident
– dirty stories from the 21st century**

Niels Holmark Andersen, Odense, Denmark

19.45-

Welcome reception at Odense Town Hall

Host of this arrangement is Odense City Town Hall

Thursday 5th May

8.00-9.00

Industry symposium III: Fresenius

9.00-10.30

SESSION 1: Hot topics in renal transplantation

Chairs: Claus Bstrup and Søren Schwartz Sørensen

9.00-9.10

Renal transplantation in the Nordic countries – an overview

Søren Schwartz Sørensen, Copenhagen, Denmark

9.10-9.30

The frail transplant candidate – any help from the guidelines

Wolfgang Arns, Köln, Germany

9.30-9.50

Too few donors – how to expand the donor pool?

Markus Gäbel, Göteborg, Sweden

9.50-10.10

Immunological barriers – STEP, STAMP, IDES – what is it all about?

Per Lindner, Göteborg, Sweden

10.10-10.30

Evidence based vaccination recommendations in renal transplant candidates and recipients

Susanne Dam Poulsen, Copenhagen, Denmark

10.30-11.00

Coffee & exhibition (posters)

11.00-12.30

SESSION 2: Kidney disease and infections in the Nordic countries

Chairs: Ditte Hansen and Helle C. Thiesson

11.00-11.20

Hanta virus – when, where and how?

Satu Mäkelä, Tampere, Finland

11.20-11.40

Leptospirosis, an often-missed diagnosis in patients with AKI

Steen Villumsen, Drammen, Norway

11.40-12.05

Covid 19 infection and the Kidney

Jan-Stephan Sanders, Groningen, Netherlands

12.05-12.30

The Nordic Patient with Kidney Disease as a World Wide Traveler

Carsten Schade Larsen, Aarhus, Denmark

12.30-13.30	Lunch and exhibition
13.30-15.00	SESSION 3: Vascular calcification in chronic kidney disease Chairs: Iain Bressendorff and Ditte Hansen
13.30-14.00	Calcioprotein Particles and Calcification Propensity <i>Andreas Pasch, Linz, Austria</i>
14.00-14.30	New Approaches to Prevention of Vascular Calcification <i>Jürgen Floege, Aachen, Germany</i>
14.30-15.00	Evolving concepts in the bone-vascular axis <i>Pieter Evenepoel, Leuven, Belgium</i>
15.00-15.30	Coffee and exhibition (posters)
15.30-16.30	SESSION 4: Genetics and pathophysiology of renal diseases Chairs: Jon Waarst Gregersen and Maria Rasmussen
15.30-16.00	Genetics in kidney diseases <i>Carsten Bergmann, Mainz, Germany</i>
16.00-16.30	MUC1-ADTKD and genetic analysis of patients with kidney failure with unknown origin <i>Maria Rasmussen, Vejle, Denmark</i>
16.30-17.30	Industry symposium IV: Astra Zeneca
17.30-18.30	Selected abstracts oral session Chair: Mark Reinhard
18.30-19.30	Industry symposium V: CareDx
19.30-	Posters and Tapas

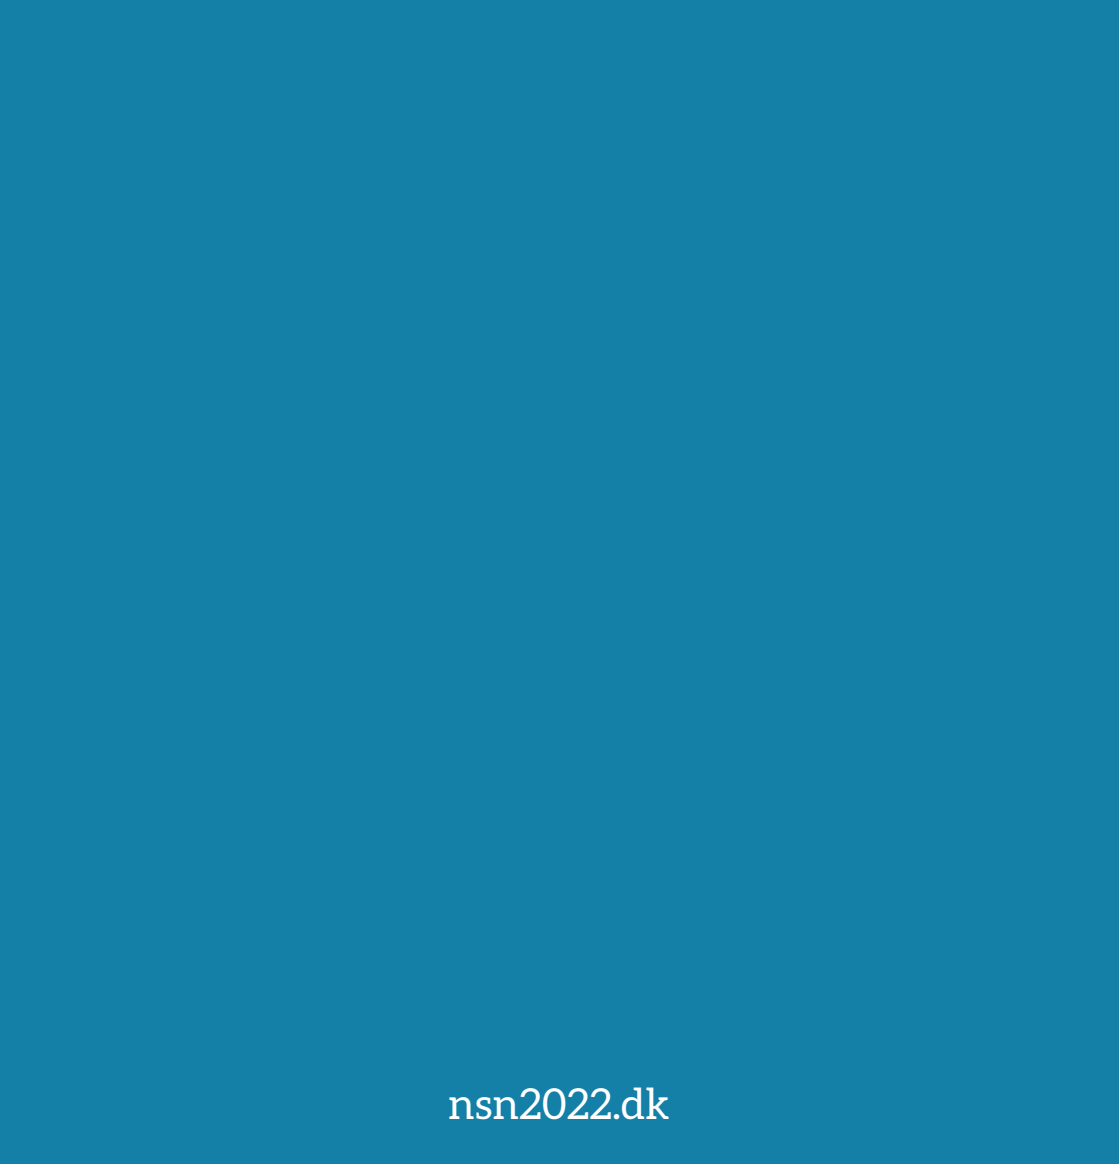

Friday 6th May

- | | |
|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8.00-9.00 | Industry symposium VI: Astellas
Hypoxia inducible factor (HIF) prolyl hydroxylase inhibitors as a new treatment for anaemia of CKD |
| 9.00-10.30 | SESSION 5: Complement
Chairs: Hans Dieperink and Jon Waarst Gregersen |
| 9.00-9.30 | Complement dysregulation in HUS – genetics and complement function
<i>Seppo Meri, Helsinki, Finland</i> |
| 9.30-10.10 | Can blockade of the kallikrein-kinin or renin systems inhibit overactivation of complement in the kidney?
<i>Diana Karpman, Lund, Sweden</i> |
| 10.10-10.30 | Cases and discussion |
| 10.30-11.00 | Coffee & exhibition |
| 11.00-12.30 | SESSION 6: Diabetes and complications
Chairs: Mads Hornum and Rikke Borg |
| 11.00-11.15 | 30 years progress in diabetic nephropathy – from hypertension to dual RAAS-blockade
<i>Frederik Persson, Copenhagen, Denmark</i> |
| 11.15-11.45 | Update of antidiabetic medication and the effect on kidney disease (GLP1 effects, CREDENCE and DAPA-CKD) – and what is to come? (FLOW, EMPA Kidney)
<i>Johannes Mann, Munich, Germany</i> |
| 11.45-11.50 | Short discussion |
| 11.50-12.10 | Current Scandinavian state of Kidney-Pancreas Transplantation
<i>Mads Hornum, Copenhagen, Denmark</i> |
| 12.10-12.25 | Updated KDIGO guideline on the management of diabetes in CKD
<i>Peter Rossing, Copenhagen, Denmark</i> |

12.25-12.30	Short discussion
12.30-13.30	Lunch and exhibition
13.30-14.30	SESSION 7: Honorary Lecture of the Danish Society of Nephrology – Claus Brun Lecture <i>Søren Schwartz Sørensen, Copenhagen, Denmark</i>
14.30-15.00	Coffee and exhibition
15.00-17.00	SESSION 8: Glomerulonephritis Chairs: Jon Waarst Gregersen and Per R. Ivarsen
15.00-15.30	Anti-PLA2R antibodies in Membranous Nephropathy <i>JF Wetzels, Nijmegen, Netherlands</i>
15.30-16.00	New treatments on the horizon ... The raise of complement blockage <i>Andreas Kronbichler, Cambridge, UK</i>
16.00-16.30	Anti-GBM disease and IdeS <i>Mårten Segelmark, Lund, Sweden</i>
16.30-17.00	New KDIGO GN guidelines <i>Jürgen Floege, Aachen, Germany</i>
17.00-18.00	Industry symposium VII: VIFOR
19.30-	Congress dinner and Nordic Networking (separate registration)

Saturday 7th May

8.00-9.00	Industry symposium VIII : Chiesi Pharma AB
9.00-10.00	Industry symposium IX : Sanofi
10.00-11.30	SESSION 9: Anticoagulation in dialysis patients - Warfarin, DOAC or nothing? Chairs: Christian Daugaard Peters and Jesper Mosgaard Rantanen
10.00-10.30	Clinical praxis concerning anticoagulation in CKD5D <i>Peter Bárány, Karolinska University Hospital, Stockholm, Sweden</i>
10.30-11.00	Warfarin vs. nothing <i>Nicholas Carlson, Rigshospitalet, Copenhagen, Denmark</i>
11.00-11.30	Apixaban vs. nothing <i>Marie Evans, Karolinska University Hospital, Stockholm, Sweden</i>
11.30-12.00	Coffee and exhibition
12.00-13.30	SESSION 10: Future perspectives in Nephrology Chairs: Henrik Birn, Aarhus, Denmark and the next NSN president
12.05-12.25	Challenges in predicting future developments in patterns of AKI and CKD in Europe <i>Professor Dorothea Nitsch, London, UK</i>
12.25-12.45	Stem cells in renal medicine <i>Professor Marlies E.J. Reinders, Rotterdam, The Netherlands</i>
12.45-13.05	Getting rid of the bad bodies - the future of removing pathogenic antibodies in kidney disease and transplantation <i>Professor Mårten Segelmark, Lund, Sweden</i>
13.05-13.25	The Omics in Nephrology – Challenges and Future Perspectives <i>Professor Rob Fenton, Aarhus, Denmark</i>
13.30-	Farewell
13.30-14.30	General assembly of the Danish Society of Nephrology
