# Enhance your nephrology nursing practice and refine your leadership skills

at the 2023 Nephrology Nursing Practice, Management, and Leadership Conference. This dynamic educational program

addresses current issues and trends in nephrology nursing practice, management, and leadership.

**LEARN** from visionary speakers and leaders.

**RECHARGE** and return to your practice ready to implement your new knowledge and skills.

**NETWORK** with nephrology nurse colleagues and industry representatives.

## Preconference Agenda

*Note: All event times are Central Time Zone.*

### Friday, October 13

8:00 am - 4:30 pm

#### **Optional Preconference Workshops (010-020)**

*A separate registration fee is required. Continental breakfast is included; lunch is on your own. Workshop 010 will be offered in person only; workshop 020 will be offered in person and via livestream.*

#### **010 Leadership Essentials for the Nephrology Nurse Manager**

**6.0 CH**

*Angela Kurosaka, DNP, RN, CNN, CCM, NEA-BC*

*Amber Paulus, PhD, RN, CPHQ, CPPS*

*Felicia Speed, PhD, LMSW*

*Judy Kauffman, DNP, MSN, RN, CNN*

*Julie Hendricks, BSN, RN*

This workshop will provide nurse managers with tools to strengthen skills that are essential for the role. New to management? Experienced, but need a refresher? All participants will take away useful information.

#### **020 Baxter PD Excellence Academy**

**6.0 CH**

*Faculty to be announced*

This workshop will cover the foundations of peritoneal dialysis (PD), optimizing PD therapy and management of the PD prescription, and best practices for retaining patients on PD therapy and will arm nurses with the knowledge and skills to deliver best practice PD care to their patients. This workshop provides PD education for nurses of all experience levels and will cover topics that are ideal for nurses with little to no formal training in PD therapy as well as nurses who already have a basic understanding.

**Sponsored by Baxter**

## Saturday, October 14

7:15 am - 8:45 am

### 101 Breakfast / Symposium

Pending corporate support

9:00 am - 9:15 am

### Welcome and Introductions

9:15 am - 10:15 am

### OPENING SESSION

#### 110 Overcoming Obstacles to Home Hemodialysis

1.0 CH

Nieltje Gedney, BA

Patricia Patterson, BSN, RN

Gedney

Patterson

Home dialysis is a modality that has been proven to have the best patient outcomes and longevity. Despite these data, home dialysis can be challenging for some individuals. Hear from a patient about her perspective and ex-

periences with home care. Gain insight into how to be more proactive with education and training, and how to assist patients/families to be better prepared so they, too, can succeed with home dialysis.

10:30 am - 11:45 am

### CONCURRENT SESSIONS (121-123)

#### 121 Elevating Advanced Practice Nephrology Nursing

1.25 CH

Leah Wayner, MSN, ACNP, CNN-NP

This presenter will make the case for advanced practice RNs to practice independently in nephrology, offering compelling evidence to support this model. She will discuss the barriers that need to be overcome to achieve this goal.

#### 122 2023 Vascular Access Updates: What the Nephrology Nurse Needs to Know

1.25 CH

Susan Walker, BS, RN

Learn ways to improve the experience and outcomes of patients who undergo creation and maintenance of a vascular access. Gain insight into common barriers and why they occur, and take away knowledge to help establish quality improvements to overcome these barriers.

#### 123 Eyes Wide Open to Housing and Food Insecurity in Adults with Chronic Kidney Disease

1.25 CH

Debra Hain, PhD, APRN, AGPCNP-BC, FAAN, FAANP, FNKF

Gain insight and perspective around the problem of food and housing insecurity for populations with chronic kidney disease. These insights will help you improve your assessment and care planning for these patients and their families.

12:00 nn - 1:30 pm

#### 130 Lunch / Product Theater

Sponsored by Novartis

1:45 pm - 3:00 pm

### CONCURRENT SESSIONS (141-143)

#### 141 Do Not Resuscitate, Advance Directives, Living Will, Healthcare Power of Attorney: What's the Difference?

1.25 CH

Kristin Larson, MSN, RN, AGNP-BC, CNN

Lisa Zokas Kindy, JD

This session will clarify questions around documents that convey patients' preferences for resuscitation, comfort care, end of life, and assignment of a legal spokesperson.

#### 142 Childhood and Adult-Onset Type 1 Diabetes: A Primer for Nephrology Nurses

1.25 CH, Rx

Mary Schira, PhD, RN

As the incidence of type 1 diabetes is increasing in adults, this topic is of growing importance to nephrology nurses. This session will cover the incidence, pathophysiologic causes/risks for development of type 1 diabetes, and treatment options.

#### 143 Perspective on the Nephrology Nurse's Role in Home Dialysis Therapies

1.25 CH

Donna Bednarski, MSN, RN, ANP-BC, CNN, CNP

Donna Painter, MS, BSN, RN, CNN

Teresa Villaran, MS, MSN, CNN, CNE(ret),

CCRN(alumnus)

This session will bring participants up to date on the work of ANNA's Home Dialysis Therapies Task Force and the outcome of their Think Tank meeting. The task force's work centered around gaining insight into barriers to home dialysis therapy and updating ANNA position statements to bolster advocacy efforts aimed at increasing utilization of this therapy option.

# Conference Agenda

Note: All event times are Central Time Zone.

## Saturday, October 14

3:15 pm - 4:30 pm

### CONCURRENT SESSIONS (151-153)

#### 151 End of Life: Helping Our Patients Navigate Death

1.25 CH

Louisa Freiburger, RN, CDN

Kristin Larson, MSN, RN, AGNP-BC, CNN

Nephrology nurses care for persons with high mortality. Death care and cultural death practices are part of nursing care. This session will explore types of body disposal, including traditional burial, cremation, and cultural practices associated with death.

#### 152 The Culture of Patient Safety in Dialysis Settings

1.25 CH

Lisa Koenig, RN

Naomi Opitz, BSN, RN, CDN

How does the culture of a healthcare setting impact patient safety? This informative discussion will enlighten you on the path to creating a safer environment for patients and one where staff are engaged in contributing to the culture of safety.

#### 153 KDIGO Updates: Catching Up on All That's New

1.25 CH, Rx

Leah Foster Smith, MSN, APRN, FNP-BC,

CNN-NP, FNKF

Bring yourself up to date on the latest KDIGO guidelines! This session will review the most recent evidence-based guidelines that will validate and support your current practice and elevate your knowledge so you can incorporate changes in practice.

4:30 pm - 6:00 pm

#### Exhibits Open / Reception

Meet with industry representatives and view displays of state-of-the-art technology, products, and services. Beverages and light hors d'oeuvres will be served.

## Sunday, October 15

7:15 am - 8:45 am

#### 200 Breakfast / Symposium

Pending corporate support

8:45 am - 10:00 am

#### Exhibits Open

10:15 am - 11:15 am

#### GENERAL SESSION

#### 210 Nephrology Nurses' Perspectives for the Designs of Mobile Dialysis Devices

1.0 CH

Larry Kessler, ScD

This session will review results of a recent study to identify perspectives of nephrology nurses on the design of mobile dialysis devices used in the home setting.

11:15 am - 12:30 pm

#### Exhibits Open

12:30 pm - 2:00 pm

#### 220 Lunch / CE Presentation

Brought to you by KDIGO / Supported by an unrestricted educational grant from CSL Vifor

### CONCURRENT SESSIONS (231-233)

#### 231 Nutrition Challenges with Kidney and Kidney/Pancreas Transplant

1.0 CH

Trisha Fuhrman, MS, RDN, LD, FAND, FASPEN

This session will cover the potential short-term and long-term complications of kidney transplantation. Nutritional recommendations as well as nutritional concerns (weight gain, accumulation of body fat, new-onset diabetes mellitus, and malnutrition) also will be discussed.

#### 232 Good to the Last Drop: Pharmacotherapy for Preservation, Protection, and Proliferation

1.0 CH, Rx

Tracy Anderson-Haag, PharmD, BCPS, BCTXP

This session will review optimizing use of the newest pharmacotherapeutic options for slowing progression of kidney disease and managing anemia of chronic kidney disease. Successful avoidance and risks of drug-induced nephrotoxicity and acute injury from medications also will be discussed.

# Conference Agenda

Note: All event times are Central Time Zone.

## Sunday, October 15

### 233 Nurses' Impact on Communication and Addressing Health Inequities

1.0 CH

Angelica Hardee, PhD, CHES

Learn how improving communication can have a significant impact on health outcomes for racial and ethnic minority groups. Three important aims for overcoming obstacles related to social determinants of health will be discussed, including enhanced training, medical interpreters, and building community trust.

3:30 pm - 4:45 pm

#### GENERAL SESSION

### 240 Improving Physical and Psychological Outcomes in Patients on Chronic Hemodialysis through a Chair Yoga Intervention

1.25 CH

Zorica Kauric-Klein, PhD, RN

Kauric-Klein

This session will review the positive outcomes patients experience by engaging in the practice of yoga. Audience members also will participate in a few common chair yoga poses to both experience and learn more about these benefits. This will be a great session for the afternoon! Pull up a chair!

5:00 pm - 6:00 pm

#### CONCURRENT SESSIONS (251-253)

### 251 Harnessing the Power of Health Information Exchange

1.0 CH

Emel Hamilton, DrMed, MSN/INF, CNN

Learn more about health information exchange (HIE) and how to leverage this information technology to communicate and care for nephrology patients more effectively and efficiently across the continuum.

### 252 The Importance of Oxygen During Hemodialysis

1.0 CH

Anne Diroll, RN, CNN

Tissue oxygenation can be problematic for patients receiving dialysis. Learn about the pathophysiology, improve your ability to assess and monitor for signs and symptoms of hypoxia, and discuss how to improve a patient's oxygenation status.

### 253 Primary Care in Dialysis Units for Nephrology APRNs and RNs

1.0 CH, Rx

Wendy Wright, DNP, ANP-BC, FNP-BC, FAANP, FAAN, FNAP

This presentation will cover common primary care issues that arise in the dialysis population and come to the attention of nephrology APRNs and RNs. Discover how you can help manage these problems for your patient population.

## Monday, October 16

8:00 am - 9:15 am

#### CONCURRENT SESSIONS (301-303)

### 301 Kidney Pathophysiology: The Essentials

1.0 CH, Rx

Christine Corbett, DNP, APRN, FNP-BC, CNN-NP, FNKF

This session is designed for the new nephrology nurse or for anyone who needs a refresher. The presenter will review anatomy and physiology and will discuss kidney diseases and treatment options.

### 302 The Effects of Dialysis Shift on Depression and Sleep Disturbances in Patients on Chronic Hemodialysis

1.0 CH

Margaret Clark, DNP, APRN-BC

Patients on hemodialysis are commonly plagued by depression and sleep disturbances, which can lead to a host of negative outcomes. What role does the dialysis shift play on this population? The speakers will make a compelling case for the need for further study in this area.

### 303 Interdisciplinary Care for Patients with Chronic Kidney Disease Improves Medication Use and Patient Outcomes

1.0 CH, Rx

Rebecca Maxson, PharmD, BCPS  
Jane Davis, DNP, CRNP

The speakers will make the case for the significant role interdisciplinary teams play in supporting patients with chronic kidney disease to adhere to complicated medication regimens and achieve the best possible outcomes.

# Conference Agenda

Note: All event times are Central Time Zone.

### GENERAL SESSION

#### 310 Health Policy Update

1.0 CH

Donna Bednarski, MSN, RN, ANP-BC, CNN, CNP  
Jim Twaddell, ANNA Health Policy Consultant

Bednarski

Twaddell

Health policy experts will review key legislative, regulatory, and health policy issues affecting nephrology nursing, including value-based models. Policies that have the potential to influence nursing practice, education, and the

delivery of care to patients with kidney disease will be discussed.

10:45 am - 12:00 nn

### CLOSING SESSION

#### 320 Disaster Preparedness and Response for Dialysis Centers 2.0

1.25 CH

Robert Loeper, MBA, PMP

Loeper

This session is a must for helping you prepare for disaster situations in the clinical setting! Emphasis will be placed on computer interruptions/downtime and what should be done to prepare staff for alternate methods of documentation, accessing historical patient information, and communicating with other members of the healthcare team during an outage.

### Attend in person or livestream from anywhere!

The hybrid educational program features in-person and livestream registration options. Gather with nephrology nurse colleagues and learn in person in Chicago, or network with other attendees online while you livestream sessions from your home or workplace.
